If the application concerns a decrease in the spending limit on the card, a change shall be made:

— immediately – if the amount of the available limit (on the date of implementation of the Customer's application) is equal to or higher than the new amount of the spending limit on the card,

— immediately after renewal of the spending limit on the card (on each 1st day of the month), if the amount of the available limit (on the date of implementation of the Customer's application) is equal to or higher than the new amount of the spending limit on the card.
